**A. M. Dietz Jewelry Co.****Around the  
Police Station**

Inspector Fennell of the License Commission won a victory in police court yesterday in securing pleas of guilty from the two Wahiawa blind pig operators. Each man was fined \$100 and costs on this plea. In the second case against each of the defendants sentence was suspended on Morita and a nolle prosequi was entered against Ah On. In the third case against each, nol-prosses were entered.

**Had Too Much Fun.**

John Thomas, a youth, was up before Judge Andrade yesterday on a charge of malicious injury. Thomas went through the Chinatown section and thought it funny to mutilate the expensive New Year's lanterns dangling in front of Chinese shops. His case was continued until today.

**Carried a Hatchet.**

Tong Get, a Chinaman, who has been in the keeping of the police on several occasions, was called before the judge to explain why he carried a hatchet under his blouse after dark. He could give no good reason and was sent to the reef for two months. There is no "Hatchet Tong" in existence in Honolulu.

**Shiona's Dog Shot.**

The dog which bit the leg of Senator Paul Isenberg the other day, was taken to Iwilei yesterday afternoon by Detective Medeiros and shot. The dog, which was a female, was extremely vicious, and the owner finally decided that the dog was better off dead, as far as the community was concerned, than alive. The case against Shiona, the owner, will be dropped.

**Fell Opposite Station.**

A board forming a portion of staging at the rear of the new Japanese bank building, opposite the police station, broke yesterday morning shortly before 8 o'clock, under the weight of two men, and both fell. One of them tumbled to the ground and was badly hurt on the head and back, and was immediately sent to the Queen's Hospital in the patrol wagon. Contractor Redward, in charge of the work on the building, made a statement to Sergeant Nielsen as follows:

"I was up on the scaffolding on top of the building between the Bishop Trust Company's building and the bank building. Two workmen were also on it. I had just been telling them both to be very careful and see that the scaffold was strong enough to prevent accidents. I turned around and started to walk away. I had not gone very far when one of the boards broke and both men fell. Kewae going down to the ground. Souza managed to get an arm around one of the cross pieces and hung there until released by some of the other Japanese workmen."

**His Own Carelessness.**

The coroner's jury empaneled to hear evidence in the case of Chun Fu Tsu, who died of injuries received by jumping from a Liliha street car on Thursday evening, met last evening, and, after hearing the testimony, rendered a verdict that the man had jumped from the car while said car was in motion and received injuries to his head which brought about his death. The man rang the push-button bell after the car passed Vineyard street and almost immediately afterward stepped out of car backwards. The deceased was a plantation laborer and had been in town about a month.

**GOV. FREAR AGREES  
WITH BABBITT'S PLAN**

Emphatic approval is given by Governor Frear to the ideas of Superintendent of Public Instruction Babbitt as contained in his bill for safeguarding the health of the public school children. The bill as drafted by Mr. Babbitt has been submitted to the Governor for his consideration and there is every indication that he will do all in his power to have it become a law.

"We do not possess such a service at the present time," said Governor Frear yesterday. "There is no doubt as to its importance and I consider it essential. If the bill becomes a law as it stands, the Superintendent of Public Instruction will be chief of the department and will be able to carry on the work in a systematic fashion with the aid of competent assistants. There is no such provision at the present time and the officials of the Department of Public Instruction consider that it is a matter that needs immediate attention and support."

**SELF CURE NO FICTION!  
MARVEL UPON MARVEL!**

NO SUFFERER NEED NOW DESPAIR, but without running a doctor's bill or falling into the deep ditch of quackery, may safely, speedily and economically cure himself without the knowledge of a second party. By the introduction of THE NEW FRENCH REMEDY THERAPION

a complete revolution has been wrought in this department of medical science, whilst thousands have been restored to health and happiness who for years previously had been merely dragging out a miserable existence. THERAPION No. 1—The Sovereign Remedy for discharges, suppurating infections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. THERAPION No. 2—The Sovereign Remedy for eruptions, pains and swelling of the joints, and all those complaints which mercury and arsenic are popularly but erroneously supposed to cure. This preparation purifies the whole system through the blood and thoroughly eliminates all noxious matter from the body. THERAPION No. 3—The Sovereign Remedy for debility, nervousness, impaired vitality, sleeplessness, distaste and incapacity for business or pleasure, loss of appetite, indigestion, pains in the back and head, and all disorders resulting from dissipation, early excesses, etc., which the faculty so persistently ignore, because so important to cure or even relieve. THERAPION is sold by principal Chemists throughout the world. Price in England 2/3 per packet. In ordering, state which of the three numbers required, and observe that the word "THERAPION" appears on each of the three stamps (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and without which it is a forgery.

**The  
Guinea  
Pig  
Proved  
It...**

That dandruff, itching scalp and falling hair, are caused by a germ or parasite is now recognized by dermatologists everywhere.

A notable demonstration was by Drs. Lassar and Bishop, who took dandruff scales from the head of a student who was losing his hair and having made a pomade of them with vaseline, rubbed the same upon a guinea-pig, and the pig became bald. (See George Thomas Jackson, M.D., on diseases of skin, 4th edition).

Newbro's Herpicide kills the germ that causes dandruff, itching scalp and falling hair. Keep your scalp in a sanitary condition with Herpicide and extraordinary results will follow. Stops itching of the scalp instantly. Try it.

Two sizes, 50c. and \$1.00. At Drug Stores. Send 10c. in stamps to The Herpicide Co., Dept. N., Detroit, Mich., for a sample. Guaranteed under the Food and Drugs Act, June 30, 1908. Serial No. 915.

Barber Shops**HONOLULU OVER-LAY  
MAP ABOUT READY**

Secretary Wood of the Promotion Committee received yesterday's mail a proof copy of the large map of the world on equivalent projections from C. S. Hammond &amp; Co., map engravers, New York, showing the overlaid travel routes in red lines to and from all large ports of the world, with Honolulu most conspicuous. The red lines diverge from the Hawaiian Islands to dozens of ports in the Pacific. Secretary Wood states that it is the best travel map of the world ever gotten up and will be of value to the entire traveling public.

The idea of overlaying the map with Honolulu red-route lines came from the Hawaii Promotion Committee and after considering it, Hammond &amp; Co. came to the conclusion that it would make their map more valuable than ever to make the overlay a permanent feature. About 500 copies have been ordered through the Promotion Committee, but the whole issue of maps will be several thousand. Secretary Wood hopes to learn that every steamship and railroad office has such a map hung in a conspicuous place. The distances between all travel ports are given.

**LOOK AFTER YOUR HEALTH**

If you have a cough, cure it. A cough is a symptom of more serious trouble. Chamberlain's Cough Remedy is the best obtainable and you need have no hesitancy in using it as it contains nothing injurious. For sale by all dealers. Benson, Smith &amp; Co., Agents for Hawaii.

**A QUESTION OF PRICE.**

Honolulu, January 29, 1909. Editor Advertiser: In your paper of January 29, Mr. U. Thompson offers a suggestion which many will find hard to apply with any great amount of satisfaction.

In his case he has made a good bargain,—in that he can say,—"Thanks for this much. It has been worth the price."

With many the price is not a matter of choice, but are compelled to submit to any old price.

Excessive in some cases and clear out of proportion as compared to others. Can you give some suggestions as to the reasons for.

(1) Such discriminations in the price, when some get off so easy, while others have to go the limit?

(2) What particular claim has any one to more favoritism than the other?

(3) Is there no escape for those that are forced to pay the exorbitant price?

(4) Reaching and affecting, not only those of us here today, but the happiness and welfare of countless unborn generations, is there any telling how long this unregulated price will continue unrestrained?

A CONSTANT READER.
